CONGRESSMAN BRAD SHERMAN

March 18, 2026

The Honorable Tom Cole
Chairman
House Committee on Appropriations
Washington, DC 20515

The Honorable Rosa L. DeLauro
Ranking Member
House Committee on Appropriations
Washington, DC 20515

Dear Chairman Cole and Ranking Member DeLauro:

I am requesting a funding level of \$1,620,000 for the Health Innovation Labs Initiative at California State University, Northridge (CSUN) as a community project funding request in fiscal year 2027. The intended recipient is California State University, Northridge, located at 18111 Nordhoff Street, Northridge, CA 91330. The funding would be used to invest in health research laboratories that will provide access to advanced equipment foundational to the university maintaining research excellence. The project would be a valuable use of taxpayer funds because the upgraded laboratories will enable research training that is aligned with current technological standards, and enable innovative, high-impact health research across disciplines and expand capabilities in translational and precision medicine.

The project has a federal nexus because the funding provided is consistent with purposes authorized in section 272 of title 15, United States Code.

I certify that I have no financial interest in this project, and neither does anyone in my immediate family.

Sincerely,

A handwritten signature in blue ink that reads "Brad Sherman".
